**Time:** 1300-1700 or

**2<sup>nd</sup> class Date:** Friday July 7<sup>th</sup>, 2017

**Time:** 8:30-12:30

- Below 100 is a National initiative to reduce the number of police officer deaths to Below 100 annually. The program was developed and sponsored by several national programs and is a well-rounded training for **new and senior officers as well as supervisors.**

The 5 Tenets of safety that will be discussed are:

- Wear Your Belt
- Wear Your Vest
- Watch Your Speed
- WIN – What's Important Now?
- *Remember: Complacency Kills?*

By concentrating on the areas of loss that are most susceptible to change (e.g. use of safety equipment and enhanced situational awareness), Below 100 can serve as an instrument of cultural transformation and improved operational practices. Below 100 recognizes that awareness and training are key and the targeted audience must be the change agents – the trainers and decision makers in organizations.

We encourage you to be an agent of change within your department.

## Together, we can get Below 100!
