Civilian Response to Active Shooter Events (CRASE) Train-the-Trainer

Time: (4 hours/.5 day)

Class Size: 75-100 students per day, 1 class per day

Prerequisite: Sworn law enforcement officer

Recommended Equipment: Good attitude, open mind, pen and paper

Description: Law enforcement officers and agencies are frequently requested by schools, businesses, and community members for direction and presentations on what they should do if confronted with an active shooter event. The Civilian Response to Active Shooter Events (CRASE) course, designed and built on the Avoid, Deny, Defend (ADD) strategy developed by ALERRT in 2004, provides strategies, guidance and a proven plan for surviving an active shooter event. Topics include the history and prevalence of active shooter events, civilian response options, medical issues, and considerations for conducting drills. Participants in this four (4) hour Train-the-Trainer course will receive a manual and PowerPoint presentation suitable for use in their own presentations.
