OTHER ISSUES KACP IS SUPPORTING; AWAITING ON BILLS TO BE FILED

Amendments to KRS 70.290

Another way to retain officer is to increase the amount of time a law enforcement officer must spend with a department before being able to move on. Too many officers are being hired by a department, going through training – which must be paid by cities and counties – and then leaving the department for a higher-paying job in another community or state.

KACP is working on legislation that would increase the mandated time an officer must spend with a department from three to five years as outlined in KRS 70.290. We also are asking for changes that would put Public University law enforcement departments and state agencies under the same rules as cities and counties.

COVID bonus pay

Since 2022 is a session in which the legislature enacts a two-year budget, and with the state sitting on a projected \$2 billion surplus, there has been talk from Gov. Beshear and some legislators about offering a COVID bonus to front-line workers and first-responders. If those discussions advance, KACP will work to ensure that law enforcement is included in the bonus payout.

LEGISLATIVE CALENDAR

The session is scheduled to last 60 days, the maximum allowed under the state constitution in even-numbered years.

Feb. 21 – No session on observance of Presidents' Day

Feb. 25 - Last day to introduce House bills

March 1 - Last day to introduce Senate bills

March 31 to April 12 – 10-day veto recess

April 13 and 14 – Final two days of session
